

# Accessing IXL from home

## From your computer

1. Head over to the SES Kids Tools page ([ses.rsu20.org/technology/kids-tools](http://ses.rsu20.org/technology/kids-tools))
2. Click on the IXL icon (the second icon in the second set of boxes)
3. Log in!

## From your iPad or Android Tablet:

*\*Note: the IXL app is not available for smartphones.*

1. In either the App Store (iOS) or Google Play (Android), search for IXL, and download the app.
2. Login with the child's username and password. For the first time logging in, add "@rsu20" to the end of the username. For example, logging in as John Smith in third grade for the first time will use "smithj26@rsu20" as the username. Once IXL registers the account as an RSU 20 account on the app, you will not need the "@rsu20" after that, and you will see it added automatically next to the username box.
